

StarTech HP J4858C Compatible Gigabit Fiber SFP 550m Transceiver modul kit

Cikkszám: J4858C10PKST

Ár:

204 370 Ft

Ideal for large-scale deployments or installations on multiple devices, this bulk pack of HP® compatible Gigabit fiber SFPs is engineered by StarTech.com to deliver reliability and maximum cost savings. Built to exacting specifications and fully tested to ensure maximum performance, these high-quality transceiver modules can be installed into HP networking devices that support the J4858C transceiver module, as well as other major brands of networking equipment.

These 1000Base-SX SFPs deliver Gigabit connectivity over multimode fiber cable with a range of up to 550 m (1804 ft.). The SFP transceivers provide a dependable and cost-effective way to add, replace or upgrade the Gigabit fiber ports on your networking equipment, and they're backed by a lifetime warranty.

Built for reliable network performance

The Gigabit SFP transceivers included in this 10-pack are manufactured by StarTech.com to meet or exceed OEM specifications and comply with the industry's MSA (Multi-Source Agreement) standards. Committed to the highest standards of quality, StarTech.com produces an extensive range of networking products including copper and fiber network cards, fiber media converters, Ethernet switches and wireless products.

Fully compatible with HP and other major brands

These Gigabit multimode SFPs are engineered to the highest quality standards and are 100% HP compatible, equivalent to the HP J4858C mini-GBIC. StarTech.com SFP transceivers are configured and fully tested to ensure they work seamlessly with HP or other major brands of networking equipment.

You can be assured that the use of StarTech.com SFP products should not affect the warranty protection of your networking equipment.

Convenient and scalable

Delivering both convenience and scalability, these Gigabit fiber transceivers are fully hot-pluggable, which enables you to install them without interrupting network traffic or having to reboot your equipment. They provide a versatile and cost-effective solution that's compatible with a wide range of Gigabit fiber networking devices.

Ideal for use in HP switches, routers and other networking equipment, the SFPs provide reliable performance, enabling you to expand your network to remote segments cost-effectively. The SFP transceivers support multimode fiber cable with a maximum distance of 550 m or 1804 ft., and maximum data rates of up to 1.25Gbps. The GbE fiber SFPs also support Digital Diagnostics Monitoring (DDM).

Hardware

Industry Standards	IEEE 802.3z 1000BASE-SX
WDM	No

Performance

Compatible Networks	1000 Mbps (1 Gbps)
DDM	Yes
Fiber Operating Mode	Half/Full-Duplex

Fiber Type	Multi Mode
Max Transfer Distance	550 m (1804 ft)
Maximum Data Transfer Rate	1.25 Gbps
Wavelength	850nm
Connector(s)	
Local Unit Connectors	1 - Fiber Optic LC Duplex Female
Special Notes / Requirements	
Note	For use in Gigabit fiber networking equipment and media converters
System and Cable Requirements	MSA or HP compliant SFP port
Environmental	
Humidity	30~75% RH
Operating Temperature	0°C to 70°C (32°F to 158°F)
Storage Temperature	-40°C to 85°C (-40°F to 185°F)
Physical Characteristics	
Color	Silver
Enclosure Type	Aluminum
Product Height	0.5 in [13 mm]
Product Length	2.2 in [56.6 mm]
Product Weight	0.6 oz [16 g]
Product Width	0.5 in [12.5 mm]
Packaging Information	
Shipping (Package) Weight	7.6 oz [215 g]
What's in the Box	
Included in Package	10 - SFP transceivers
