

Delock USB-A 3.0 - USB-A 3.0 M/F keystone modul 0.5m fekete 250°

Cikkszám: 86375

Ár:

6 160 Ft

This module by Delock can be used to extend e. g. a USB cable. With its standardised dimensions it can be used for easy snap-in mounting in e. g. a Keystone patchpanel, face plate or surface-mount box. The short, angled cable has a low mounting depth and allows a space-saving installation in hard to reach places in equipment or in cable ducts.

Specification

- Connector:
 - external: USB 3.0 type A female
 - internal: USB 3.0 type A male
- Gold plated contacts
- Cable gauge:
 - 30 AWG data line
 - 24 AWG power line
