

ID-Cooling DK-01 processzor hűtő fekete-szürke

LGA775, LGA1155, sAM2+, sAM3+, sFM1, sFM2+, ventilátorok száma:  
1db, 120x120x25mm, folyadékcsapágy, csatlakozó: 4-pin (PWM)

Cikkszám: DK-01

Ár:

4 350 Ft

Garancia: 24 Hónap

|                      |                                                                   |
|----------------------|-------------------------------------------------------------------|
| Compatibility        | Intel LGA1150/1155/1156/775<br>AMD FM2+/FM2/FM1/AM3+/AM3/AM2+/AM2 |
| TDP                  | 100W                                                              |
| Overall Dimension    | 120×120×63mm (L×W×H)                                              |
| Material             | Aluminum Extrusion                                                |
| Weight               | 250g                                                              |
| Fan Dimension        | 120×120×25mm                                                      |
| Fan Speed            | 1600RPM                                                           |
| Max. Air Flow        | 58.4CFM                                                           |
| Max. Static Pressure | 1.58mmH2O                                                         |
| Noise                | 26.4dB(A)                                                         |
| Rated Voltage        | 12VDC                                                             |
| Operating Voltage    | 10.8~13.2VDC                                                      |
| Started Voltage      | 7VDC                                                              |
| Rated Current        | 0.2A                                                              |
| Power Input          | 2.4W                                                              |
| Bearing Type         | Hydraulic Bearing                                                 |
