Power Bank OnPower 130

Who said power banks were just for charging? It doesn't have to be that way. The OnPower 130 breaks the mold and does more, combining powerful performance with clever extras to simplify your life. With a 10,000 mAh capacity and 30W output, it charges any device quickly and efficiently: phone, tablet, or other gadgets – it's your call. And with 3 outputs (2 USB (C) and 1 USB-A), you can charge devices simultaneously, which is perfect for workdays, trips, or emergencies.

But there's more to it. You get a smart TFT display that tells you how much battery is left. Crafted with durable aluminum metal housing, the OnPower 130 is also tough enough to handle your day-to-day adventures – and look good doing it.

Here's the fun part: this power bank doesn't just charge; it can be your clock, alarm, and even a mini weather station with a built-in temperature display. Staying on schedule, starting your day, or being curious about the weather is fun and easy with the OnPower 130.

□

Airline-Friendly Power For Your Travels

The OnPower 130 is well-prepared to keep you charged even at 30,000 feet. Thanks to its compact design and airline-approved 10,000 mAh capacity, it makes the ideal travel companion. Being on a long flight or stuck in a layover, or exploring a new destination with this power bank will keep worries at bay, and you will be connected and productive at all times.

Optimal Capacity

The 10,000 mAh battery provides just the right amount of power to keep your essential devices charged. It delivers up to 2-3 full charges for most smartphones or extends the life of your tablet, so that you always have the energy you need without carrying extra bulk.

□

2-Way Fast Charging: Power Up Your Devices & Power Bank

Enjoy the convenience of two-way fast charging: you can quickly charge your devices while rapidly recharging the OnPower 130 itself. With 30W output and high-speed input, there's minimal downtime for both you and your power bank. Best solution for when you're on the go and need fast, reliable power.

Simultaneous Charging: Power Up Multiple Devices at Once

There's no more need to take turns with your devices; charge them all at once! The 3 ports (2 USB (C) and 1 USB-A) let you power up your phone, tablet, and earbuds at the same time. Comfortably share the power bank with a friend or juggle your own gadgets smoothly.

Clear Status Display

The smart TFT digital display will keep you informed anytime. It shows the remaining battery life, so you'll always know when it's time to recharge. This intuitive feature makes the OnPower 130 not just functional but user-friendly too.

Type C Convenience

With 2 USB (C) ports, the OnPower 130 effortlessly meets the needs of modern tech. No matter what you're using it for (fast charging or powering up the bank itself), USB (C) ensures compatibility with the latest devices and efficiency with every charge.

-
-

Ultra Compact: Power on the Go, Without the Bulk

Despite the robust 10,000 mAh capacity and multiple features, the OnPower 130 is very compact. The sleek, lightweight design makes it easy to carry in your pocket, backpack, or purse. We call it the perfect blend of power and portability, meant for life on the move.

Convenient Connectors: Three 30W Ports

The OnPower 130 has three high-speed 30W charging ports for ultimate flexibility. Whether you need USB-A for legacy devices or USB (C) for the latest tech, you're covered. With versatile port options, you can charge anything, anytime.

-

Durable Aluminum Housing

Built to last, the OnPower 130 has a sturdy aluminum metal housing that's both durable and stylish. Its premium finish protects the power bank from everyday wear and tear. Designed for tough days and long journeys, it's a power bank that's as resilient as you can imagine.
