Magnetic Wireless Power Bank OnPower 510

You won't ever have to slow down because of a low battery again! The OnPower 510 is designed to become a seamless addition to your life and deliver high performance in a sleek and portable package. With an impressive 10,000 mAh capacity, this ultra-slim power bank provides all the energy you need to keep your devices charged and ready no matter the task.

The device's 15W wireless charging capability makes powering up as easy as can be: just place your device on the pad and let the OnPower 510 do the rest. Prefer wired charging? In this case, the 20W Type C output ensures blazing-fast charging speeds for your phones, tablets, and more, while the Type C input makes recharging the power bank quick and efficient.

Built from high-quality aluminum alloy and fireproof ABS+PC materials, this power bank is as durable as it is stylish. Compact and lightweight, you can easily slip into your bag or pocket. It's a perfect companion for every journey, rightfully so. Stay connected, productive, and stress-free with the OnPower 510 – the ultimate fusion of power, portability, and premium design. Take charge of your day, no matter where it takes you!

□

Airline-Friendly Power For Your Travels

The OnPower 510 complies with airline standards and makes the perfect company for your flights. With its 10,000 mAh capacity, it's powerful enough to charge your devices multiple times while remaining compact and safe for air travel. No more stress of running out of battery mid-journey: stay entertained, connected, and productive even at 30,000 feet.

Wireless Charging

Ditch the cables: the OnPower 510's 15W wireless charging capability gets all the work done. Place your compatible device on the power bank and get fast, reliable energy. Whether it's your phone, earbuds, or another Qi-enabled device, you can enjoy a seamless way to keep your tech ready to go.

□

□

Type C Port

Experience rapid and efficient charging with the 20W Type C port on the OnPower 510. It will power up your devices faster than standard chargers, so you can get back to what matters most. The dual-purpose Type C port also serves as an input for recharging the power bank itself, which makes it an all-in-one solution for modern devices.

Ultra Compact: Power on the Go, Without the Bulk

The OnPower 510 is designed with mobility in mind. The ultra-slim and lightweight construction makes it easy to slip into your pocket or bag without the extra weight or bulk. This power bank is built to be as portable as your lifestyle demands – commuting, traveling, or just heading out for the day can be a breeze.
