

StarTech 2,5" szilikon HDD tok

Cikkszám: HDDSLEV25

Ár:

3 480 Ft

This silicone hard drive protector sleeve provides a layer of sturdy protection against potential shock/impact damage for your uninstalled 2.5in hard drives.

The hard drive protector features a durable silicon design and a ventilation hole in the top for enhanced heat dissipation.

This versatile hard drive sleeve offers the flexibility to fit most IDE and SATA/SAS 2.5in HDDs. The silicon sleeve features a tip cover that's specifically designed to protect the hard drive interface ports during transportation, but can be removed for installation.

An ideal solution for keeping unused drives safe while not in use, the silicon drive sleeve is a perfect addition to our "bare drive" (trayless) hard drive enclosures.

Hardware	
Drive Size	2.5in
Environmental	
Humidity	8% ~ 90% RH
Operating Temperature	5°C to 80°C (41°F to 176°F)
Storage Temperature	-40°C to 80°C (-40°F to 176°F)
Physical Characteristics	
Color	Clear
Product Height	0.2 in [6 mm]
Product Length	4.1 in [105 mm]
Product Weight	0.8 oz [24 g]
Product Width	2.9 in [73 mm]
Packaging Information	
Shipping (Package) Weight	0.3 lb [0.2 kg]
What's in the Box	
Included in Package	1 - 2.5 in Hard Drive Protector Sleeve
