Wireless Charging Station Hexagon 310

Transform your daily charging with the Hexagon 310 – a wireless charging station that combines style and practicality. Crafted with order in mind, this 3-in-1 charger can power up your phone, earbuds, and smartwatch all at once; there's no need to juggle cords or hunt for spare outlets. The station's sleek hexagonal design is a statement piece that adds sophistication to any space. But the look of it isn't the most important part: it's thoughtfully designed for perfect device placement, making every charge fast, secure, and hassle-free.

With its Qi magnetic connection, the Hexagon 310 delivers efficient charging for all your Apple devices. It comes with a 20W adapter featuring interchangeable EU/UK plugs, so you can be ready for all the action whether you're at home or traveling. The built-in LED indicator and soft backlight will inform you on the charging status while maintaining a subtle glow.

Safety comes standard with 4 advanced protections (OCP, OVP, OTP, FOD), giving you peace of mind as you charge at full power (24W). It's time for bulky charging to become history... while you enjoy a more elegant way to power up.

The Hexagon 310 doesn't just charge: it organizes, declutters, and simplifies your life. Finally, one charging station that does it all with style. Charge smarter and live better, redefining your tech life day by day.

□

3 in 1: Charge 3 Devices Simultaneously

Your charging routine can get immaculate with the Hexagon 310's 3-in-1 capability. This station handles powering up your phone, smartwatch, and earbuds all at once without cluttering your space or causing a mess of tangled cables. Getting ready for your day or winding down at night with all your essentials charged has never been easier.

Qi Magnetic Connection

Enjoy seamless and reliable charging with the Qi magnetic connection. It ensures your devices snap perfectly into place every time, delivering optimal power output without the need for manual alignment. With output power options of 15W, 10W, 7.5W, and 5W, the Hexagon 310 can match whatever charging needs you have. It smartly allocates 2.5W for your smartwatch and 3W for your earbuds, so all your devices can be fully charged in just 2-3 hours.

□

□

Unique Design

Why settle for ordinary when you can have more? The Hexagon 310 features a striking hexagonal shape that makes a functional centerpiece for your desk, nightstand, or living room. It complements your devices while making your setup look effortlessly organized.

15W Wireless Fast Charging

Experience blazing-fast charging speeds with the Hexagon 310's 15W wireless output. Whether you're powering up your phone in a rush or giving it a full charge overnight, this charger delivers energy efficiently. Fast, convenient, and cable-free, it can easily keep up with your busiest days.

□

□

Wireless Earbuds Charging

Your earbuds won't get left behind. The Hexagon 310 is equipped with a dedicated charging spot that delivers 3W of power, which is perfect for wireless earbuds. It's a perfect way to keep your audio gear ready for meetings, workouts, or your favorite playlist with no clutter.

Compatible with Apple Devices

Tailored for your Apple ecosystem, the Hexagon 310 is compatible with iPhones, Apple Watches, and AirPods. Crafted to integrate with your devices, it supports Apple's specific power requirements and delivers reliable performance and peace of mind with every charge.

□

□

4 Types of Protection

The Hexagon 310 delivers advanced safety features for your devices. Its OCP (Overcurrent Protection), OVP (Overvoltage Protection), OTP (Overtemperature Protection), and FOD (Foreign Object Detection) safeguard against potential hazards. No need to worry about overheating or damage to your tech – with this station, you can be confident in every charge.

What's In The Box: 20W Adapter (EU/UK plugs)

Everything you need is included. The Hexagon 310 comes with a 20W adapter, designed to provide stable and powerful energy to the charging station. With interchangeable EU and UK plugs, you can take it anywhere you go. Plug in, set up, and start charging immediately.
