Garancia: 1 Év

Photo paper ColorWay ART matte "magnetic" 650 g/m², A4, 5 sht (PMA650005MA4)

White material, which is a glossy or matte finish is applied to the magnetic substrate, visually and to the touch almost indistinguishable from the paper. Variation in that one side of this material is the same as in all the usual paper and the other - the dark comprising magnetic particles due to the reverse side easily "stick" to any metal surface. A need for the product is just as easy to remove and put in a new location. The sheets are easily cut with scissors. This paper model is intended only for inkjet printing and personal use.

Features:
