

StarTech 1U fali rack keret fekete

Cikkszám: RK119WALLV

Ár:

32 770 Ft

The RK119WALLV 1U 19in Steel Vertical Wall Mount Equipment Rack Bracket offers a versatile storage solution allowing rackmount equipment (Network devices, power strips, patch panels) to be mounted vertically (flush with wall) to save space. Alternatively, the 1U bracket can be installed horizontally under a desk, making it easy to access installed equipment directly from your workspace. This TAA compliant product adheres to the requirements of the US Federal Trade Agreements Act (TAA), allowing government GSA Schedule purchases.

Perfect for SoHo (small office, home office) environments, the wallmount bracket features a sturdy steel design constructed to EIA-310 19in rack standards, and offers space-savings for environments lacking the footprint space for a full size server equipment rack. Suitable for mounting on virtually any wall/ceiling surface (e.g. drywall), the bracket mounting holes are positioned at exactly 16in apart, matching standard construction framework.

Backed by a StarTech.com Lifetime Warranty.

Need more storage space? StarTech.com also offers a ERROR, a ERROR and a ERROR.

The StarTech.com Advantage

- Units arrive assembled with all the accessories required to mount equipment into the rack for a quick and easy setup
- Lightweight vertical wall mount rack design produces a cost effective space saving solution for your IT and AV equipment
